

## Unparalleled Quality in Slit, Shaved, Hardened, Tempered, and Polished material.

At Champlain Specialty Metals, we specialize in thin gauges, narrow widths, large and small volume orders, on-time delivery, and superior service. We want to be your partner for on-time delivery, fast turnarounds, and an exceptional commitment to superior service.

We excel in tailoring our services to your unique needs by offering flexibility and attention to detail that larger suppliers simply cannot match.

### **With Champlain Specialty Metals you will get:**

#### **Quality**

We understand the role precision plays in your applications. Our technology and skilled employees process all products with meticulous accuracy, ensuring your specifications are met.

#### **Service Excellence on Small or Large Orders**

We pride ourselves on servicing our customers with outstanding partnership experience. We assist you with every step and will address inquiries promptly and to your satisfaction on orders large or small. We understand that no matter the size of the order it is important to you and that makes it important to us.

#### **Superior Turnaround Time**

Time is important. Our streamlined processes and workflows enable us to provide quick turnarounds with superior quality. Need a fast turnaround on slitting, shaving, or polishing, consider it done. Contact us with any of your urgent requests and we will get the job done.

#### **Dependable On-Time Delivery**

Delays are costly and disruptive. We have a dedicated commitment to on-time delivery. Champlain Specialty Metals can be relied on to keep your projects on time. Understanding a delay on our end can cause a ripple effect in your operations, we have processes established to manage product flow through our facility for effective production and commitments.

#### **Partnership Approach**

We succeed together. We strive to be partners by helping your company achieve your business goals. Champlain Specialty Metals will collaborate, communicate, and problem solve with you to provide innovative solutions for your needs. Trust Champlain Specialty Metals to be your proven source for your slitting, shaving, hardening, and polishing steel needs. Our solutions will combine precision, reliability, quality, and superior service. Experience the Champlain Specialty Metals difference.
